\*Lead times apply for <40 units; large order quantity lead times may be different.

\*\*All fabrics in the Enlightened Style Phifer SheerWeave sample book have a different lead time than those in our standard Roller Shades book.

\*\*\*We are currently producing this item at three plants and are showing the longest lead time.

### Backorder Report

The report noted below is based on the current information available to us when the communication is published. Please note that the materials/components information captured is dynamic and can change on a daily basis.

Note: The Composite Shutter program has experienced material delays on a number of key colors as well as staffing shortages leading to multiple backorders and extended lead times. We are focused on the manufacturing of the higher volume colors throughout the balance of July with the remaining colors prioritized for early August. As new information becomes available, we will update you.
