

honeycomb shades

so many choices, so much style

Honeycomb Shades by Enlightened Style are a hallmark in the industry, offering beautiful design and energy efficiency that is the envy of most every other window covering. Elegant fabric collections, design-friendly colors, and a broad spectrum of options satisfy virtually every window in the home.

Product Overview

- **Over 250 SKUs**, refreshed with more than 80 new fabrics and colors
- **Six cell styles**, that include our newest 1 1/4" cell size, offer your customers more choices than most any other honeycomb program in the industry—and did we mention their energy efficiency?
- **Distinctive styles** like our large 2" Hybrid Pleat and cascading Dimensions™ break from tradition and bring added drama to the window—especially large windows requiring seamless style
- **Four opacities and over 20 fabric families** that include gorgeous prints, rich solids, and more color coordination between fabrics in different cell sizes—a top request from customers like you
- **Many fabrics feature a gravity-defying D-cell design** that helps maintain the cell shape
- **The stain- and wrinkle-resistance** of most fabrics provide a beautiful solution that's practically maintenance free

Control and Design Options

- **Full range of automation solutions**, including Smart Home Collection; other options include PowerWand™, cordless lift, Cordless Lift & Lock™, continuous cord loop, and standard cordlock
- **TriLight Shades®, top-down/bottom-up and two-fabric combination** allow more flexibility with light and privacy control
- **Vertical Application** opens from side to side for large windows and sliding glass doors—stacks tight and coordinates beautifully with other shades in the room
- **Specialty shapes**, skylights and two- and three-on-one headrail options offer additional solutions for most window styles and sizes
